More Capabilities with your VoIP Phone: CommPortal

How would you like to search for an FHSU phone extension, and with one click, call that extension; how about update/change your voicemail pin; listen to a voicemail message on your phone or mobile device; or send an incoming call directly from your computer? With the recent phone conversion & new VoIP phones installed throughout campus, YOU CAN! You can do all these things and much more from your desktop and/or laptop computer by using CommPortal.

CommPortal is an application that allows you to configure various settings and features for your FHSU Polycom phone extension. It can be accessed using an Internet browser or installed as an application onto a Windows computer for convenient desktop toolbar access. User guides on how to use and/or install CommPortal can be found on our FHSU Telecommunications webpage, www.fhsu.edu/telecom.

- Access CommPortal from your internet browser / Download & Install the CommPortal Assistant: [Click here](#)
- Use the CommPortal Call Manager to set up rules and schedules for routing incoming calls: [Click here](#)

Nex-Tech, along with our Telecommunications department, will be providing open lab sessions to allow each of you the opportunity to stop by, discuss any questions you may have regarding CommPortal, or receive assistance installing the application to your computer. Currently, there are two (2) come-and-go sessions available to attend (see below).

- Thursday, October 26: 1:00pm – 3:00pm
- Friday, October 27: 9:00am – 11:00am

Because these sessions are come-and-go, it is recommended that you review the information provided on the Telecom website prior to attending.

Upcoming Changes in Filing Claims for Injuries at Work

As in the past, an employee must report any work-related injury to his/her supervisor. The injured employee's supervisor is responsible for filing a claim through the SSIF portal.

The State Self Insurance Fund has sent the following announcement:

The State Self Insurance Fund (SSIF) is excited to announce the launch of a new web portal to enter claims electronically. When you access the link below, you can complete the required fields and submit the claim. The attachment contains the information required to submit a claim electronically. After submitting the claim, you will receive a confirmation email (to the email provided in the web portal claim submission process) along with a claim number. The information you entered will go directly into SSIF's database allowing for a real-time submission of the claim which will benefit the injured employee and assist the staff authorizing/directing medical treatment and answering questions in general in a more timely manner for the injured employee. All other documentation, return to work slips, etc. should be emailed to wc1101a@ks.gov. There will be a transition period where SSIF accepts claims via paper, email, fax and web portal. Beginning November 1, 2017, SSIF will no longer accept mailed, faxed or emailed paper claim forms. All claims will need to be submitted through the SSIF web portal. If you have any questions, please contact SSIF at 785-296-2364 or via email at wc1101a@ks.gov.

You may access the SSIF portal through this link: <https://kansas.systemasoft.com/Sims/PortalNew.aspx?insurancelineid=1>.

If an employee suffers a life-threatening or limb-threatening injury at work, he/she should immediately be taken to the nearest Emergency Room. For less serious injuries, the employee should call/go to the Work Smart Clinic, located in the Hays Family Medicine Building, 2509 Canterbury, Hays, KS; Phone: 785-623-6270.

Additional information is available at www.fhsu.edu/physicalplant/environmental-and-safety/work-related-injuries/.

Red Flag Campaign

October is Domestic Violence Awareness Month, and the Women's Leadership Project will once again be holding the Red Flag Campaign here on campus. We will be promoting a bystander intervention strategy to address and prevent sexual assault, dating violence, and stalking on college campuses. The campaign encourages friends and other campus community members to say something when they see warning signs ("red flags") for sexual assault, dating violence, or stalking in a friend's relationship.

Visit the Red Flag Campaign's website at www.theredflagcampaign.org.

For more information, or if you have any questions, please contact us at womensleadershipproject@fhsu.edu or call us at 768-628-4312.

TGOF Has Prizes

On Friday, be watching on campus for the TGOF feather flags. TGOF Committee now has two feather flags that we set out one or more times per month on campus or in the community. Anytime someone takes a selfie with the flags and tag the photo #TGOF, they are entered into a drawing at the end of the month for a prize from one of our TGOF Businesses.

Questions? Call TGOF co-chairs: Mary Ridgway @785-628-4521 or Kelsey Stremel at 785-628-4741.
